QUALITY MANAGEMENT

- ISO QMS – QMS 9001:2015 – Quality Management System:** *Ref:24679, exp date: 2026 – last audit: May21*
 Several quality management principles including a strong customer focus and the process approach and continual improvement to enhance customer satisfaction. ISO 9001 helps ensure that customers get consistent, good-quality products and services.
- ISO QMS – EMS 14001:2015 – Environmental Management System:** *Ref:24679, exp date: 2026 – last audit: May21*
 Specifies the requirements for an environmental management system that an organization can use to enhance its environmental performance. ISO 14001:2015 helps manage environmental responsibilities in a systematic manner that contributes to the environmental pillar of sustainability.

QUALITY ASSURANCE

- ISAME Consortium – Cyber Essentials:** *Ref: – IASME-CE-022772, exp: 13/07/2022*
 Cyber Essentials is a Government-backed, industry-supported scheme to help organisations protect themselves against common online threats. The Government worked with the Information Assurance for Small and Medium Enterprises (IASME) consortium and the Information Security Forum (ISF) to develop Cyber Essentials, a set of basic technical controls to help organisations protect themselves against common online security threats.

HEALTH AND SAFETY

- SSIP, Acclaim:** *Ref: 84548, exp 23/07/2022*
 Acclaim Accreditation is a health and safety assessment scheme provided by Supplier Assessment Services and is open to all industries. Constructionline Gold membership includes Acclaim Accreditation or a 'Deem to Satisfy' certificate for an alternative valid SSIP certificate. Constructionline Platinum membership includes Acclaim Accreditation as standard.
- Construction Line:** *Ref:00304544, GOLD Standard, last renewed 25/07/2021*
 Constructionline is the UK's leading procurement and supply chain management service for the construction industry, who's aim is to improve efficiencies for Buyers and Suppliers in the procurement process. Constructionline offers assurance to Buyers about the business competency and capability of Suppliers, including the need to demonstrate health and safety management competency.
